

110TH CONGRESS
2D SESSION

H. RES. 1180

Recognizing the efforts and contributions of outstanding women scientists, technologists, engineers, and mathematicians in the United States and around the world on Mother's Day, 2008.

IN THE HOUSE OF REPRESENTATIVES

MAY 7, 2008

Mr. REICHERT (for himself, Mr. EHLERS, Mr. BILBRAY, and Mr. BARTLETT of Maryland) submitted the following resolution; which was referred to the Committee on Science and Technology

RESOLUTION

Recognizing the efforts and contributions of outstanding women scientists, technologists, engineers, and mathematicians in the United States and around the world on Mother's Day, 2008.

Whereas women have been vitally important to the fields of science, technology, engineering, and mathematics and have transformed the world and enhanced and improved the quality of life around the globe;

Whereas the contributions of women and mothers are central to progress and to the development of knowledge in many areas, including chemistry, physics, biology, geology, engineering, mathematics, and astronomy, and these contributions boost economic growth, create new jobs, and improve our knowledge and standard of living;

Whereas Mother's Day presents a great opportunity to congratulate these women, to educate the public about the important role of women in society, and to recognize the contributions of women to the scientific, technological, engineering, and mathematical communities;

Whereas it is important to emphasize the extensive variety of careers available in the world of science, technology, engineering, and mathematics and to honor the tremendous women that have contributed and will contribute to the advancement of knowledge in these disciplines;

Whereas in order to ensure our Nation's global competitiveness, our schools must continue to cultivate female scientists, technologists, engineers, and mathematicians from every background and neighborhood in our society to create the innovations of tomorrow that will keep our Nation strong;

Whereas a disproportionately low number of female students are pursuing careers in science, technology, engineering, and mathematics, and it is crucial that we focus attention on increasing the participation of women; and

Whereas Mother's Day presents a great opportunity to encourage industry, government, and academia to reach and educate millions of children on the important contributions women have made to science, technology, engineering, and mathematics: Now, therefore, be it

1 *Resolved*, That the House of Representatives—

2 (1) recognizes the important contributions of
3 women and mothers to science, technology, engineer-
4 ing, mathematics, and the health of many industries
5 that have created new jobs, boosted economic

1 growth, and improved the Nation's competitiveness
2 and standard of living;

3 (2) recognizes the need to increase the number
4 of women participating in science, technology, engi-
5 neering, and mathematics;

6 (3) supports the role of women and mothers in
7 science, technology, engineering, and mathematics;
8 and

9 (4) encourages the people of the United States
10 to use this Mother's Day to give appropriate rec-
11 ognition not only to our mothers but also to women
12 scientists, technologists, engineers, and mathemati-
13 cians who have made important contributions to our
14 everyday lives.
